1 Product name:

Twin installation set

Note! Product picture may differ from actual product

Product No.: 99725165

The Grundfos SCALA1/2 Twin installation set is used in order to connect two SCALA1/2 pumps in a twin booster system. It includes all the necessary components for twin configuration.

This set includes:

base plate

two manifolds (inlet and outlet) including the isolation valves

communication cable (for SCALA1 only)

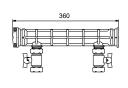

fixing screws.
