Product No.: [99725183](#)

The Grundfos Inlet filter is a recommended accessory to protect the pump from sand, gravel or other debris, when pumping rainwater or well water.

The square mesh allows a uniform flow along the entire surface of the cartridge itself, which minimizes the possibility of clogging.

The smooth surface of the filter ensures easy washing and cleaning.

The filter cartridges provide a nominal filtration with an efficiency of 80 %.

If properly used, they can be used repeatedly maintaining constant efficiency.

The inside core is manufactured from talc-filled polypropylene and a welded nylon net.

Description	Value
<b>General information:</b>	
Product name:	Inlet Filter
Product No:	99725183
EAN number:	5713833435462
Price:	GBP 52
<b>Technical:</b>	
Filter rating:	250 µ
Filter efficiency:	80 %
<b>Materials:</b>	
Material:	Composite
<b>Installation:</b>	
Maximum operating pressure:	8 bar
Type of inlet connection:	Rp
Type of outlet connection:	Rp
Size of inlet connection:	1 inch
Size of outlet connection:	1 inch
<b>Others:</b>	
Net weight:	0.95 kg
Gross weight:	1.2 kg
Shipping volume:	0.009 m <sup>3</sup>
Fits to following products:	SCALA1
Finnish LVI No.:	4772048
Country of origin:	HU
Custom tariff no.:	84139100
