

# Floodkit

FOR QUICK EMERGENCY DEWATERING

 **LOWARA**  
a xylem brand

# Always ready for pumping

The Lowara Floodkit provides a quick and easy solution in case of flooded basements, garages and residential buildings. The kit is composed of a stainless steel Lowara DOC3 drainage pump and a 6 metre long flexible hose complete with quick coupling, all inside a plastic box that can be used to store the kit when not in use, or as a strainer during operation.

## Benefits:

The Lowara Floodkit is complete with pump, pre-assembled float switch, pre-assembled hose with quick coupling already mounted, all inside the box.

The Lowara Floodkit is ready for use, just connect the quick coupling hose and plug in.

The Lowara Floodkit is easy to setup, adjust pump start-stop, set the float switch level, no special tools required.

The Lowara Floodkit is easy to use, the float switch automatically stops the pump.

All materials are corrosion resistant.

The Lowara Floodkit is easy to transport, light weight, with a 10 metre power cable, the box has 2 handles for easy transportation.

The Lowara Floodkit requires limited space, and can be easily stored, the container doubles as a strainer during operation.
