150 L

Tank capacity

70 L/min

Max flow

5.5 bar

Max pressure

600 mm Ø

Tank diameter

650 mm

Tank height

3 yr

Pump warranty

5 yr

Tank warranty

Overview

The WaterBoost WB-EXT Slimline 150 is a compact, pre-built cold water boosting system designed for properties with low mains pressure or flow. The 150 litre WRAS-approved slimline tank stores cold water at atmospheric pressure, while the DAB Eskybox Mini3 variable speed pump draws from the tank and delivers boosted flow to all outlets at up to 50 L/min and 3 bar. The external pump sits neatly alongside the tank for easy access and servicing.

Key features

- 150 litre WRAS-approved slimline tank — 5 year warranty
- DAB Eskybox Mini3 variable speed pump — 3 year warranty
- Compact 600mm Ø x 650mm H — passes through standard doorway
- Fully pre-built and ready to install
- Ideal for under stairs, garages and utility rooms
- 50 L/min at 3 bar — suits 1–2 bedroom homes
- Variable speed pump — energy efficient and quiet
- LCD display with Wi-Fi connectivity (DConnect app)
- Dry-run protection and anti-cycling built in
- Supplied with all connections, float valve and Bylaw 30 kit

What's included

- 150 L WRAS approved slimline blue tank
- DAB Eskybox Mini3 variable speed pump (pre-fitted plug)
- 2x union connections
- ¾" ball float valve and float
- Tank-to-pump connection hose
- 1" pre-fitted tank outlet
- Bylaw 30 kit

Ideal for

- 1–2 bedroom homes with low mains pressure
- Properties with limited floor space
- Under stairs, garage or utility room installations
- New builds and retrofit installations
- Shared supply or low-flow mains connections

Technical specifications

| | |
|----------------|-----------------------------------|
| Part number | 2501210 |
| Tank capacity | 150 litres |
| Tank diameter | 600 mm |
| Tank height | 650 mm |
| Tank material | HDPE — WRAS approved |
| Tank colour | Blue |
| Tank warranty | 5 years |
| Pump | DAB Eskybox Mini3 |
| Max flow | 70 L/min |
| Max pressure | 5.5 bar |
| Connection | 1" BSP |
| Power supply | 230V / 50Hz |
| Pump warranty | 3 years |
| Pump IP rating | X4 |
| Display | LCD + Wi-Fi (DConnect app) |
| WRAS approved | Yes |

System overview — how it works

1 Mains water fills the tank

Cold water from the mains flows into the 150 litre slimline tank via the ball float valve, filling it to atmospheric pressure. The tank acts as a buffer reservoir.

2 Pump draws from tank

When a tap or shower opens, the DAB Esybox Mini3 variable speed pump detects the demand and draws water from the tank, boosting it to the set pressure.

3 Variable speed delivers consistent pressure

The Mini3 intelligently adjusts its speed to maintain constant pressure regardless of how many outlets are open simultaneously — no pressure surges or drops (up to max 50 L/min).

4 Tank refills automatically

As the pump draws from the tank, the ball float valve opens and mains water refills the tank continuously, ensuring a constant supply.

Sizing guide

| | |
|--------------------|-------------------------------------|
| Bedrooms | 1–2 |
| Typical demand | Up to 2 outlets simultaneously |
| Flow per shower | 8–12 L/min |
| Min mains pressure | 0.5 bar static (tank gravity-fills) |
| Usable volume | 150 litres |
