IN STOCK · FAST DISPATCH

The complete solution for large-volume water storage.

The WaterBoost Advant 2000 is the largest-storage single-pump system in the WaterBoost range — designed for properties with very slow mains supply or sustained peak demand. Two linked 1,000-litre WRAS-approved Advant tanks (2,000 L total) pair with the market-leading DAB Esybox variable-speed pump, supplied fully plumbed.

2,000 L

Storage capacity

80 L/min

Flow @ 3 bar

6.5 bar

Max pressure

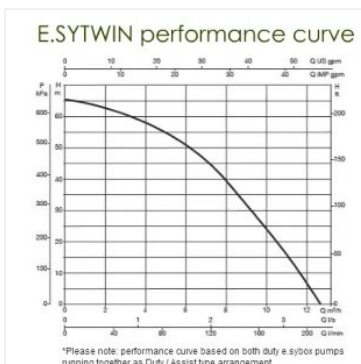

10 yr

Tank warranty

KEY FEATURES

- 2,000 L combined WRAS-approved storage
- Consistent pressure across multiple outlets
- Intelligent variable-speed pump
- Energy-efficient vs fixed speed
- Quiet operation — 43 dB(A)
- All interconnecting pipework included
- Pre-fitted By-law 30 kit and 3/4" ball float valve
- Single mains feed serves both linked tanks
- DAB DConnect Wi-Fi / H2D compatible
- 100% rust-proof polyethylene

PERFORMANCE CURVE

WHAT'S INCLUDED

Tanks	2 × 1,000 L WRAS-approved blue Advant
Pump	DAB Esybox variable-speed booster
Pipework	PVC tank-link & tank-to-pump set
Valve	3/4" ball float valve & float (pre-fitted)
Kit	By-law 30 kit (pre-fitted)

IDEAL FOR

- Larger homes with very slow mains fill
- Multi-bathroom, high-demand properties
- Rural / borehole / restricted supply sites
- Light commercial premises

TANK — Advant 1000 (x2)	
Combined capacity	2 × 1,000 L = 2,000 L
Approval	WRAS approved
Material	UV-stabilised polyethylene
Colour	Blue
Manufacture	UK manufactured
Rust resistance	100% rust-proof
Tank linking	PVC pipework supplied
By-law 30 kit	Pre-fitted
Ball valve	¾" pre-fitted
Warranty	10 years (per tank)

PUMP — DAB Eskybox Variable Speed	
Model	DAB Eskybox
Type	Variable-speed inverter
Max flow rate	80 L/min @ 3 bar
Max pressure	6.5 bar
Max head	65 m
Motor power	1.4 kW
Noise	43 dB(A) at 1m
Speed control	Fully automatic variable
Display	Colour LCD
Connectivity	Wi-Fi · DConnect · H2D
Voice control	Google · Alexa
Suitable for	Domestic & light commercial
Warranty	3 years

SYSTEM OVERVIEW	
Part number	2104110D
Availability	Please contact us for delivery timescales
Interconnecting pipework	Included as standard (PVC)
Combined warranty	Tanks 10 years (each) · Pump 3 years
Supplied by	Anglian Pumping Services — established 1975

HOW IT WORKS

- 1 Single mains feed in**
 Mains water enters the primary tank via the pre-fitted ¾" ball float valve. No special inlet arrangement required.
- 2 Tanks equalise at base**
 PVC base linking pipework allows water level to balance naturally between both 1,000 L tanks.
- 3 Eskybox draws on demand**
 When a tap opens, the DAB Eskybox draws from the combined 2,000 L tank assembly.
- 4 Variable speed boosts pressure**
 The inverter pump matches output to actual demand — constant pressure across every outlet.
- 5 Auto recharge on standby**
 When demand stops the pump rests and the tanks refill from mains — saving energy automatically.
