The complete solution for low water pressure.

The WaterBoost Advant Slim 1000 Twin is engineered for larger domestic properties and light commercial premises with restricted access. It combines twin DAB Eskybox variable-speed pumps in a Duty/Assist configuration with a WRAS-approved 1,000 litre vertical baffled slimline tank — supplied fully plumbed and ready to connect. At just 600mm wide, the slim tank passes through a standard doorway.
